*Founded in 1968, AMITRAM aims to preserve the memory
and vehicles of metropolitan public transport.
Thanks to the hard work and tenacity of the original
members, a 3 km tourist line runs along the
edge of De le between the cities of
Marquette and Wambrechies since 1995.*

*It is the only tourist tram in France
circulating on this railway.*

TOURIST LINE

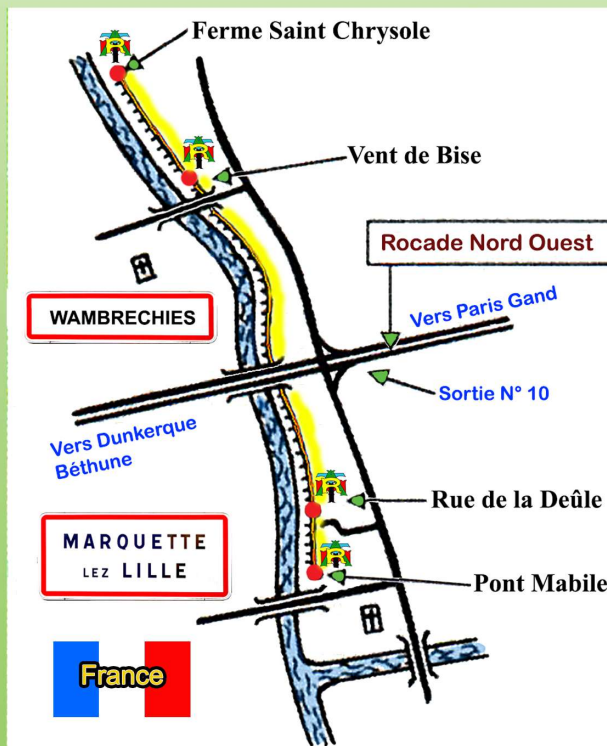

*Circulation from April to the end of September,
every Sunday from 2:30 p.m. to 6:00 p.m.
Wednesdays during school holidays
from 3:00 p.m. to 5:30 p.m.*

*Come and immerse yourself back in times
and take a ride in old trams along the De le.*

Departures :

*Marquette : rue de la De le, Pont Mabile
Wambrechies : Vent de Bise, Ferme St-Chrysole.*

Possibility of special reservation upon request.

Exhibitions and services :

We are active in local events and participate in exhibitions related to vintage vehicles or upon request for historical public transport presentations.

The workshop :

You just need to be curious, know how to tinker and be of good will to come and work there.

Carpentry, ironwork, turning, electricity, painting, auto mechanics, etc ... are legion for the restoration and maintenance of buses and trams in our vehicles collection.

Archives :

**An impressive amount of documents is archived.
Plans, photos, newspapers, manuals are being classified.**

The tourist line :

The 3 kilometer long tourist line is operated as a city public transport company.

Both equipment and rail infrastructure are regularly inspected and maintained.

At the rue de la Deûle stop, a souvenir shop and a small photographic exhibition await you.
